The Medical Practice Consortium - strength in numbers

One of the biggest challenges for many medical practices is finding first-rate health insurance at an affordable price. In 2018, the Medical Practice Consortium was formed to help face this challenge. The Consortium consists of multiple independent medical practices that have pooled together to leverage the strength in numbers to obtain affordable health insurance coverage for their physicians, employees and families. The four-member Consortium board has assembled a team of benefit and actuarial consultants, legal counsel and licensed insurance professionals to help facilitate this goal.

The Consortium offers PPO and HSA plans with a range of deductibles through Anthem, using the broad Blue Access network.

Unique advantages

- ✓ All medical plans use the broad Anthem Blue Access Network, providing network benefits for a very wide selection of physicians, other medical professionals, hospitals and medical facilities. Many competitive plans use more restrictive networks that limit the selection of network providers.
- ✓ Premiums are discounted based on favorable claims experience.
- ✓ More consistent annual renewal rate adjustments than many competitive plans.
- ✓ Children can be covered under parent's policies through the end of the year in which they attain age 26, regardless of student or marital status.
- ✓ Knowledgeable ISMA Insurance Agency agents and support staff provide customer service and premium administration. Anthem processes all claims.
- ✓ All plans have two deductibles per family instead of three, which is common among competitive plans.
- ✓ Practices with 10 or more employee subscribers can offer employees a choice of paired medical plan options, provided at least 20% participate in each plan:

PPO 2000/4000	or PPO 3000/6000
PPO 2000/4000	or PPO 5000/10000
PPO 2000/4000	or HSA 2800/5600
PPO 3000/6000	or HSA 4000/8000

PPO 3000/6000	or HSA 5000/10000
PPO 5000/10000	or HSA 5000/10000
HSA 2800/5600	or HSA 4000/8000
HSA 2800/5600	or HSA 5000/10000

Information you should know

- ✓ A medical practice is required to be a member of the ISMA Employer Association to receive coverage through the Medical Practice Consortium. There is no membership fee for the ISMA Employer Association.
- ✓ All medical practices will have a common January 1 renewal date.
- ✓ You may change from one medical plan to another on the January 1. You may also request an off cycle change to a plan with a lower premium one time per year, between February 1 and August 1.
- ✓ Deductibles and coinsurance start over on January 1 of each year.
- ✓ Newborn children must be added by contacting ISMA Insurance Agency within 31 days of birth to be covered under the plan.

A VALUABLE BENEFIT FOR...

- Physicians who work at least 20 hours per week, their spouses (or domestic partners subject to certain requirements), and their children through the end of the year in which they attain age 26. (75% of insured physicians must be members of the Indiana State Medical Association.)
- Non-physician employees who work at least 20 hours per week in a medical office or medically related facility, their spouses (or domestic partners subject to certain requirements), and their children through the end of the year in which they attain age 26.
